LOG IN FORM

The screenshot shows the login interface for the Jo & Jo's Shnacks Payroll System. On the left is a dark blue square with a circular logo containing the text "Jo & Jo's SHNACKS SHAKE N' SNACKS EST 2024". On the right is a white rectangular box with the title "JO & JO'S SHNACKS Payroll System". Below the title are two input fields: "Username" and "Password", each with a placeholder of the same name. At the bottom of the white box is a dark blue "Log in" button.

HOW TO LOG IN?

1. ENTER YOUR USERNAME

- IN THE USERNAME FIELD, TYPE IN YOUR REGISTERED USERNAME.

This screenshot illustrates the first step of the login process. The "Username" input field is highlighted with a light blue border, and a mouse cursor icon is pointing at it. The "Password" field and the "Log in" button are also visible.

2. ENTER YOUR PASSWORD

- IN THE PASSWORD FIELD, TYPE IN YOUR SECURE PASSWORD.
- MAKE SURE CAPS LOCK IS OFF AND DOUBLE-CHECK FOR ANY TYPOS.

This screenshot illustrates the second step of the login process. The "Password" input field is highlighted with a light blue border, and a mouse cursor icon is pointing at it. The "Username" field now contains the text "staff".

3. CLICK THE LOGIN BUTTON

- CLICK THE "LOGIN" BUTTON TO PROCEED.

This screenshot illustrates the final step of the login process. The "Log in" button is highlighted with a light blue border, and a mouse cursor icon is pointing at it. The "Username" field contains "staff" and the "Password" field contains "123".

Month: Staff:

MONTHLY PAYROLL FILTER
This section allows the administrator or owner to filter and view payroll records based on the selected month and staff member. By choosing a specific month (e.g., October 2025) and staff category (All Staff or individual employees), users can easily review payroll information for a specific period. The Filter and Refresh options help update and display the most accurate payroll data for monitoring and reporting.

Attendance Records						Total Records: 26
Username	Date	Time In	Time Out	Status	Hours Worked	

ATTENDANCE RECORDS
The Attendance Records section displays the detailed log of employee attendance. It shows the username, date, time in, time out, attendance status (On-Time or Late), and total hours worked for each record. The Total Records indicator shows the number of attendance entries stored in the system. This allows the administrator or owner to easily monitor employee attendance, track punctuality, and review working hours for payroll and performance evaluation purposes.

ATTENDANCE LOG

HOW TO FILTER AND VIEW ATTENDANCE RECORDS?

1. Select the month (October 2025).

2. Select a staff member from the dropdown menu.

3. Click the Filter button.

4. The filtered attendance records table is displayed.

5. The table shows columns for Username, Date, Time In, Time Out, Status, and Hours Worked.

6. The pagination controls show page 1 selected.

7. The Refresh button is highlighted.

- 1.The owner selects the start date for the attendance records to view.
- 2.The owner can optionally select a staff member to filter by a specific employee. Filters can be applied by staff, date range, or status individually or in combination.
- 3.The owner selects the attendance status to view (e.g., Present, Late).
- 4.After applying the filters, the table displays only the attendance records that match the selections.
- 5.The owner can choose the page to view using the Previous and Next buttons.
- 6.The owner can use the Refresh button to update and reload the data.

PAYROLL

THE PAYROLL MODULE IS USED TO CALCULATE AND MANAGE THE SALARIES OF ALL STAFF MEMBERS. IT AUTOMATICALLY COMPUTES TOTAL PAY BASED ON EACH EMPLOYEE'S HOURLY RATE AND TOTAL HOURS WORKED WITHIN A PAY PERIOD. THE OWNER CAN REVIEW, GENERATE, AND PRINT PAYROLL REPORTS TO ENSURE ACCURATE AND EFFICIENT SALARY PROCESSING.

1. Select a staff to pay
 - From the staff list, click the staff member you want to process payroll for.
 - Action: clicking the staff opens that staff's Payroll form (this form only computes pay from attendance/hours).
 - Result: you are taken to the payroll screen for the chosen staff where you will configure the period and cutoff.

2. Choose the date range to compute hours worked
 - Use the date-time picker on the payroll form to select the range of dates you want to compute.
 - Default behavior: the date-time picker automatically selects a 6-day range (for example, Mon to Sat).
 - Tip: confirm the start and end dates are correct – the system will compute hours only within this selected range.

3. Select the cutoff start of hours worked
 - Choose the cutoff start (the beginning boundary used for calculating which worked hours belong to this payroll period).
 - This may be a specific date/time or a labeled cutoff (e.g., "Cutoff A: 01/10/2025 00:00").
 - Effect: hours logged before the cutoff start are excluded; hours from the cutoff start through the date range end are included.
4. Automatic computation of payroll
 - Once the date range and cutoff start are selected, the system automatically computes the following:
 - Total Hours Worked based on attendance records within the selected period.
 - Total Earnings (computed using the staff's hourly rate x total hours).
 - Total Deductions.
 - The computed values are instantly displayed in their respective textboxes on the payroll form.

10. View wage log history

- After the payment is completed, the payment information is automatically displayed in the DataGrid located below the Payroll Form.
- This section serves as the Wage Log History for the selected staff.
- It includes the following details:
 - Cutoff Start – the starting date of the payroll period.
 - Cutoff End – the ending date of the payroll period.
 - Total Hours Worked – total attendance hours within the cutoff.
 - Gross Pay – total earnings before deductions.
 - Total Deduction – total of all applicable deductions.
 - Net Pay – final amount paid to the staff.
 - Date Paid – the date when the payment was processed.
- This log helps the owner track payroll history and verify all payments made to the staff.

The screenshot shows the 'Payroll Management' interface for a staff member named 'Rugenia'. The interface includes a sidebar with navigation options: Dashboard, Staff, Attendance, Payroll (selected), and Waging. The main content area displays the 'SELECT PAY PERIOD START DATE (6-day period)' section with a date picker set to '01/09/2025'. Below this, a bar indicates the 'Selected period: Sep 1, 2025 to Sep 6, 2025'. The 'SALARY INFORMATION' section shows various metrics: HOURS WORKED (48.00), GROSS PAY (₱ 3,360.00), SSS (₱ 33.60), PAG-IBIG (₱ 16.80), PHILHEALTH (₱ 21.00), TOTAL DEDUCTION (₱ 71.40), and NET PAY (₱ 3,288.60).
